

# \$10.2 Million in New Loans from Referral Rewards!

**C**ustomers are telling their friends and neighbors about Farm Credit Services.

The 2009 Referral Rewards program has generated \$10,255,496 in new business through July 31. There are 119 new customers enjoying the benefits of membership because a friend or relative recommended Farm Credit Services.

New members are helping our association grow, and growth is good for everybody. Increased association profit translates into, potentially, higher Patronage Refunds for members. That's the great thing about being a cooperative. As a member that shares in the profits, there's a strong incentive to help the association add more good members and grow.

For referrals that result in a new member for our association, we're offering immediate rewards and cash prizes. Each time you refer a friend your name goes in the drawing for one of four (4) regional \$1,000 drawings, as well as the \$5,000 grand prize. More importantly, refer a friend and enjoy the advantages that association growth will provide for years to come.

## 2009 Referral Rewards Program through July 31, 2009
